STRIKE OR A REVOLT

Neighboring Republic Is Likely to
Have One or Other.

WARNS BY CIRCULAR

Foreigners, Especially Citizens of the
United States, Are Advised It
Is to Their Personal In-
terest to Leave.

Laredo, July 21.—For some time past rumors have been rife in almost all the large cities in Mexico which may portend anything from a great strike of the laboring element to a revolution against the administration of President Diaz. Opinion is divided as to what the result will be, but enough credence is placed in the rumors to cause much uneasiness, and steps will be taken to meet any contingency which may arise.

Circulars have been posted in Monterey, Saltillo, San Luis Potosi and other large cities throughout the republic, warning all foreigners to leave the country before Sept. 16, Independence day of the republic.

The circular says in substance: "We desire Mexico for the Mexicans, and warn all foreigners that if they do not leave the country by the 16th of September they will be driven into the sea."

Continuing, the circular says: "The principal industries and business of the republic are in the hands of foreigners, principally Americans. The railroads, although they apparently belong to the nation, are the exclusive property of Americans. The Americans direct them. The mining industry is largely controlled by the foreign element, and our nation, heretofore independent, is being made the servant of foreign capital."

"We are on the border of an abyss, and a great catastrophe menaces us unless we force all foreigners out of the country and give our people a chance."

The Mexican government does not fear any serious trouble, notwithstanding the posting of these circulars, and will be fully able to cope with any contingency which may arise.

Not Considered Safe.

New Orleans, July 21.—Seven Americans who left Mexico because of the threats against foreigners, passed through New Orleans Friday night. With them were their wives and children, making altogether a party of fifty-two people. Some of them said although they intended to return to Mexico if the present anti-foreign movement subsides, they do not now consider the central and some northern portions of the country safe for Americans.

TO BE BIG EVENT.

Numerous Prominent Sons of the
South Are to Be Invited.

Louisville, July 21.—The reception to be tendered Hon. W. J. Bryan in this city promises to be a notable event. The reception is to be held in the armory, which will seat 17,000 people. Invitations will be extended to Senator Daniels of Virginia, Senator Carmack, Senator Frazer, Governor Cox and Senator-elect Taylor of Tennessee; John Sharpe Williams, Senator Money and Governor Vardaman of Mississippi; Senator Morgan, Senator Pettus, Richmond P. Hobson and former Governor Johnston of Alabama; Hoke Smith, Senator Bacon, Senator Clay, Clark Howell and Gov. Candler of Georgia; Senator Tillman and the governor of South Carolina; Senator Bailey, Senator Culberson, former Senator Roger Q. Mills and Gov. Lanham of Texas; Governor Davis, Senator Clark and Senator Berry of Arkansas; the governors, senators and members of congress from North Carolina, Florida and Maryland and other prominent southern Democrats.

TREATY SIGNED.

Presidents of United States and Mexico
Thanked For Intervention.

San Jose, Guatemala, July 21.—A treaty of peace between Guatemala, Salvador and Honduras was signed Friday on board the United States cruiser Marblehead on the high seas off the Guatemalan coast. There was a strenuous discussion and some difficulty in reaching mutually acceptable conditions.

The commission adopted resolutions thanking the presidents of the United States and Mexico for their intervention.

HUSBAND POISONING.

Mother of Seventeen Children Arrested
Under This Charge.

Mobile, July 21.—Mrs. Joseph Mizell, mother of seventeen children, has been arrested at Waynesboro, Miss., charged with poisoning her husband, and Race Hall, a neighbor, is charged as an accomplice. The body of Mizell was exhumed on reports of foul play, and poison was found on examination of the intestines. All the parties are prominent in eastern Mississippi.

ARTICLES SIGNED UP.

What Was Agreed on the American
Ship Marblehead.

SIX OF STIPULATIONS

Any Differences That May Arise In
Future Must Be Submitted to
Chief Executives of This
Nation and Mexico.

Washington, July 21.—American Ministers Merry and Combs have advised the state department that Honduras, Guatemala and Salvador signed the following articles of peace:

Article 1—Peace is established; withdrawal of armies within three days.

Article 2—Exchange of prisoners; release of political prisoners; general amnesty recommended.

Article 3—Vigilance of Emigrado's order to prevent abuse of asylum.

Article 4—To negotiate treaty of friendship, commerce and navigation within two months.

Article 5—Any difficulties over treaty and future complaints between the three countries shall be submitted to arbitration by the president of the United States and the president of Mexico.

Article 6—This treaty is made with the moral sanction of mediating nations and other assisting at conference—namely, Costa Rica and Nicaragua.

The text of the cablegram received at the navy department from Commander Mulligan of the Marblehead was as follows: "San Jose, July 20.—Conference is terminated; treaty of peace has been signed; will proceed at once to Anajetla."

Satisfactory and Honorable.

New York, July 21.—The consul general of Guatemala in this city received a dispatch from Mr. Mendes, acting secretary of foreign affairs of Guatemala, stating that terms of the treaty of peace signed aboard the Marblehead were most satisfactory and honorable.

WAITING FOR DECISION.

Sharp Fight Over Right of Way Be-
tween Two Railways.

Opelousus, La., July 21.—A court decision is awaited here to settle the first step in the sharp race for railroad right of way between the Southern Pacific and Colorado Southern railroads. At Eunice, La., Thursday night about 9 o'clock the Southern Pacific began laying rails, apparently with the intention of cutting in ahead of the railroad being laid by the Colorado Southern. Immediately after the Southern Pacific workmen began this night labor a gang of men employed by the rival road went to laying rails, and it is said headed off the Southern Pacific. At any rate, the men employed by the latter road moved operations to a place on the opposite side of the Southern Pacific tracks, going to work on the property of Dr. Haas. The latter secured warrants for the arrest of the foreman directing operations on his property and had the work torn up. It was then decided to fight the matter out in the court here.

NIGHT SCHOOL CHARTERED.

Purpose Is to Educate Those Who
Have to Work All Day.

Austin, July 21.—A charter has been granted the Kirbyville Night School association. The purpose is to furnish educational advantages to those who are unable to attend day schools.

Fire Brick company of Austin, capital stock \$300,000, has filed its charter. The yards will be at Lasher's Switch, Bastrop county.

The Webb county tax rolls came in. They show property valuations for this year of \$5,305,260, an increase over last year of \$437,500.

Wyatt O. Selkirk of Galveston, just out of the government military school at Fort Leavenworth, and who was assigned to duty in the Texas National guard, has received an order directing his return to the school to stand examination for a commission in the regular army.

ENORMOUS NEGRO.

Measures Twelve Feet Around Waist
and Weight Great.

Denison, July 21.—Guth, said to be the largest negro in the world, was here en route to join a show at Tom Bean. He weighs 720 pounds and measures twelve feet around the waist. He is twenty-seven years of age. His feet were encased in bagging, no shoes being large enough to fit him.

Prices Broke Sharply.

St. Petersburg, July 21.—Prices on the bourse Saturday broke sharply at the opening, imperial 4s and 5s each losing a full point, but at the close they recovered the fraction. While extreme nervousness characterized trading there was no panic.

Ballinger reports the discovery of rich silver and copper ore near that place.

One week more and politics will give place in the center of the stage to business and crops, and everybody will breathe a sigh of relief.

An exchange tells of a news paper reporter who interviewed thirty successful business men and found that all of them when boys had been governed strictly and frequently thrashed. He also interviewed thirty loafers and learned that twenty-seven of them had been "mamma's darling," and the other three had been raised by their grandmothers.

Can those who are charging that Mr. Bell is a corporation man find a single instance where he favored a corporation, either in his private or public career? He has been on the bench, he has been in the state senate, he has been in congress, he has been attorney general. Why don't they find something? They are trying to "hoodoo" the people. He is a man of strong character and strict integrity. There is not a scintilla of evidence to support their assertions. Mr. Bell's record is unassailable — Llano Times.

The Attorney General's Department made a ruling in which it holds that each county is entitled to send to the State convention only the number of delegates that the respective counties have in the convention. The opinion also holds that the same applies to district conventions, one delegate for each vote. There was told of candidates confusing the State convention by being able to import a large number of delegates from the counties which they had carried, and in that way stampede the convention, but this ruling will stop a coup of that kind, if it was ever contemplated. Brazos county is entitled to four votes or four delegates in the state convention.

FOSTER'S WEATHER BULLETIN.

(Copyrighted 1906, by W. T. Foster.)

Washington, D. C., July 21.—Last bulletin gave forecast of disturbance to cross continent 20 to 24, warm wave 19 to 23, cool wave 22 to 26. Next disturbance will reach Pacific coast about 24, cross west of Rockies country by close of 25, great central valleys 26 to 28, eastern states 29. Warm wave will cross west of Rockies about 24, great central valleys 26, eastern states 28. Cool wave will cross west of Rockies country about 27, great central valleys 29, eastern states 31. This disturbance will be the first after we have passed the apex, or high point, of the summer's heat and with it we will begin the long slide downward toward winter's cold. It will also bring the closing days of the severe storm period that will follow July 20. As the cooler weather comes in last days of July showers will be more general except in the drought district.

First disturbance of August will reach Pacific coast about July 29, cross west of Rockies country by close of 30, great central valleys 31 to August 2, eastern states 3. Warm wave will cross west of Rockies about 29, great central valleys 31, eastern states August 2. Cool wave will cross west of Rockies about August 1, great central valleys 3, eastern states 5.

This disturbance will not bring very high temperatures and very cool weather will follow it; otherwise no very important weather events are expected with that disturbance.

My next bulletin will give general forecasts of August crop-weather and will, therefore, be of more than usual interest. August crop-weather will determine the corn crop of 1906.

SCIENCE NOTES

The government crop reports are supposed to be scientific but they indicate either gross incompetence or a purpose to play into the hands of the speculators. The corn-crop report for last month indicates an improvement in the condition over the crop of 1905 when, in fact, there was eight times as much decrease in condition as their aggregate figures indicate as an increase. They report the condition of corn in South Carolina as improved 12 per cent and in Mississippi improved 18 per cent or an aggregate of 15 per cent improved in these two states. Against this they report a decline of 9 per cent for Missouri and 10 per cent for Kansas or an average of 9.5 per cent and as the first two states show a percentage 11 per cent greater than the last two these government officials report the corn crop improved. But as the first two are not corn growing states while the latter are among the great corn producing states the report is evidently erroneous. The only scientific method would be to lose the percentages on bushels and such a report, taking the government figures as the base would show a considerable decrease in the condition as compared with last year. In big headlines the newspapers show a big improvement in the corn crop and farmers and the common dealers are deceived while the big speculators, understanding the deception, take advantage of it. Last year the corn crop was short in the south and fine in the north, while this year the conditions are reversed and these facts make the government figures more deceptive.

SOCIAL and Club Matters

The Many Merry Maids met with Miss Ona Reed, at the home of her parents, Mr. and Mrs. Lucien Reed, Tuesday at 5 p. m. A contest at making paper dolls employed the young misses for an hour or more. Miss Dorcas Parker received the first prize, a box of candy, presented by Miss Madeline Hauway. Miss Margaret Zuber was consoled with a doll, presented by Miss Mary Shelburne. Sherbet and cake were the refreshments. The next meeting will be held with Miss Mary Shelburne.

The young people enjoyed an informal dance Tuesday evening, at the Elks club rooms. Prior to the dance the same evening a merry party visited the Fin Feather club lake and enjoyed a lunch, returning later for the dance. In this party were Miss Irene and Maggie Hope of Caldwell, who were guests of Mr. and Mrs. M. Parker, Miss Louise Harris, Miss Maggie McDougald, Mr. and Mrs. T. K. Lawrence, Mrs. Jno. B. Hines, O. E. Saunders, Geo. W. Smith, Mit Parker, Dr. Kruger of Caldwell.

Mrs. Laura Koppe has for several days the past week been entertaining several friends from Bryan, Houston, Beaumont and other points at her plantation in the Brazos bottom. The party is complimentary to Miss Sadie Holmes of Beaumont. Outdoor amusements, hunting, fishing and boating and various social amusements have made up an ideal program for the pleasure of Mrs. Koppe's fortunate guests.

The Needle Workers held their weekly meeting of the past week with Miss Corine James at the home of her parents, Mr. and Mrs. W. T. James. A diversion of the afternoon was a proposal contest in which Miss Mary Ross Parker won the prize, a box of stationery, which was presented by Miss Nellie Cole. Peach cream and cake were the refreshments. Next meeting will be held with Miss Pauline Webb.

The Girls' Musical Club met with Miss Madeline Hauway on Thursday afternoon at 5 o'clock. Eight members were present and all took part in the program. A club pin was selected at the meeting. Refreshments, sherbet and cake. Miss Ira Maude Camp will entertain the club at its next meeting.

THIRD OF KIND.

Panamerican Conference of Vast Importance to Hemisphere.

Rio de Janeiro, July 21.—The third Panamerican congress, scheduled to begin July 23 and continue six weeks, will doubtless prove of vast importance to all nations of the Western hemisphere.

The first conference, which was conducted in the mind of the late Secretary of State Blaine, was held at Washington, October, 1889. Many important measures were discussed. The union of American republics was established and is doing useful work.

An advance was made toward general reciprocity though the project has even yet failed to reach fruition. A monetary commission was had with sensible benefit to the currency relations of the American republics. The metric system moved ahead another step, being authorized in the customs service of the United States and other countries. These were all valuable achievements, but there was more to be done and the conference recommended that the world be carried forward by another congress.

This second conference was held in the City of Mexico in 1901-02. While many of its recommendations have not yet been generally carried into effect, this second gathering also was productive of good. What was accomplished was this: The approval of Guatemala, Salvador and Honduras of all the twenty-three instruments signed at The Hague, the approval of the United States of the convention for the exchange of publications; the treaty on pecuniary claims and the scheme for the reorganization of the bureau of American republics, the approval by several of the South and Central American nations of some of the most important of the treaties proposed by the second conference; subsequent congresses which adopted regulations for the improvement of customs relations; sanitation of American port cities and the regulation of the coffee growing industry. But this conference also left behind it unfinished work, hence the gathering at Rio de Janeiro. The City of Mexico conference felt that the ten-year period proposed by the original conference for the holding of such family gatherings was too long, and proposed a five-year period.

The United States delegates are William I. Buchanan of Buffalo, chairman; Tulio Larrinaga, commissioner from Porto Rico to the United States congress; Professor L. S. Rowe of the University of Pennsylvania; Van Leer Polk of Tennessee; Professor Paul S. Reinsch, University of Wisconsin; Andrew J. Montague, former governor of Virginia, and Charles R. Dean, secretary.

Secretary of State Root is expected to arrive on Wednesday.

CANNOT INTERFERE.

Judge Childress Issues Order Restraining Cumberlandians.

Nashville, July 21.—Judge Childress of the Second circuit court here granted an injunction restraining all of those who claim to be Cumberland Presbyterians from interfering in any way with the services, property or any part of the Presbyterian church, formerly known as Cumberland Presbyterian. The bill was prepared under the supervision of the committee on pastoral oversight, appointed by the last Cumberland Presbyterian assembly and Dr. Ira Landith, moderator. That assembly is named as complainant, together with heads of Cumberland Presbyterian boards and other prominent persons.

The principal defendants are Revs. J. L. Hudgins and T. H. Padgett of Tennessee, moderator and stated clerk of the body, which organized at Decatur, Ill., after the Cumberland assembly adjourned, and which styled itself the true Cumberland Presbyterian assembly.

The restraining order applies to the whole of Tennessee, and was granted in order, as prayed for by complainants, to prevent a multiplicity of lawsuits.

HARDWOOD TIMBER.

Two Mills to Be Erected in Texas to Work It Up.

Baltimore, July 21.—The last issue of the Manufacturers' Record contains among other interesting industrial news this paragraph:

Illustrative of the scope of timber operations in the south is the announcement of the incorporation of a \$500,000 company in Texas to develop 40,000 acres of hardwood timber land in two counties of that state, the operations contemplating the erection of at least two mills at a cost of \$250,000 and the building of twenty miles of railway.

Prominent Cotton Man Dies.
New Orleans, July 21.—Raoul Tetreou, junior partner of the cotton firm of Puech & Tetreou and a prominent member of the New Orleans Cotton Exchange, is dead, aged forty-eight.

Five Men Injured.
Chicago, July 21.—Five men were injured, two of them fatally, Saturday when a steel beam, which they were hoisting to the second floor of a new building on Indiana avenue fell upon them.

General Rice No More.
Boston, July 21.—Brigadier General Edmund Rice, retired, died at his home in Wakefield of heart disease. He was sixty-four years of age. A widow survives him.

Grave Robbing Charged.
Crescent City, Cal., July 21.—Several prominent business men of this city have been arrested on the charge of robbing Indian graves.

STARTLED SPECTATORS.

Attorney Uses Surprising Language in Hartje Divorce Case.

Pittsburg, July 21.—Attorney Ferguson, of counsel for Augustus Hartje in his suit for divorce, startled the spectators in the courtroom Friday, during an impassioned argument against the admission as evidence of the depositions of Clifford Hooe, the name coachman and correspondent in the case, with the following words:

"It doesn't do to say that this Hooe is a negro. God knows there are many an intelligent woman who has sinned as we say this woman has sinned. History is full of it. I repeat, many a woman high in life socially, and in this community, has sinned as this woman has done."

Charges of crooked methods made by both sides was a feature of the case. What are apparently a series of legal victories for Mrs. Hartje, the respondent in the suit, also marked the day's session, and culminated in the admission of the confessions of Clifford Hooe, the colored coachman, in which he is said to have declared that he lied when he swore that he had improper relations with the respondent.

Detective Ray told of the arrest of Hooe in Ohio, and of his being brought back to Pittsburg, where he made his confession.

Alderman King was called and testified that Hooe was not drunk when he made his confession, but made it freely, and of his own will.

Attorney Freeman attempted to show that there was a conspiracy between Welshons, Augustus Hartje and Hooe, his former coachman.

Hartje's attorneys sought to show that Hooe was made drunk and coerced by detectives into making his first confession.

Judge Frazer said that the four statements made by the negro coachman would not be read in open court. The judge said it would not be well to have them made public at this time, and corrected an intimation that he was acting solely in the interests of public morals.

Hooe has made four statements, the first accusing Mrs. Hartje, and in the other three, made later, declaring the first to be false. With the unexpected throwing open of all the doors in the celebrated case, sensations even bigger than those heretofore promised are expected. Adjournment was taken until Monday morning.

Mrs. Hartje's side was given until Monday the privilege of examining the forty love letters.

GAME FORFEITED.

Manager Cavender of Fort Worth Club Withdraws Team.

During the fifth inning of the Texas league game at Dallas Friday Manager Cavender of the Fort Worth club, displeased at the action of Umpire Bailey in refusing to call Meyers out owing to alleged interference of Loudon with Catcher Erwin, when the latter tried to put the ball on Meyers, called his men off the field. The umpire declared the game forfeited to Dallas 9 to 0. Erwin's right hand was hurt, blood being brought. Score at time stood 2 to 1 in Fort Worth's favor.

SERVANTS DISSATISFIED.

Americans Are in Mortal Fear Their Food Would Be Poisoned.

New Orleans, July 21.—E. J. Mathers, one of a party of fifty-two American men, women and children who left Mexico because of anti-foreign threats and passed through New Orleans, said:

"One of the most alarming features of the situation is the fact that Mexican servants joined in the anti-foreign movement, and wives of foreigners are in mortal terror of their families being poisoned by the servants. I reluctantly left the country, but I simply could not resist the pleadings of members of my family. I am now taking them to our former home in Ohio."

"The anti-foreign movement is the strongest in the northern and central portions of Mexico, where the natives have been wrought up to a high pitch of excitement by agitators and agents of revolutionary societies. Along the Rio Grande border the movement is not so strong because the Mexicans fear Texans, who know how to shoot."

"The educated class of Mexicans are not in sympathy with the anti-foreign movement, but are in a hopeless minority. The army is recruited from the lower classes, and cannot be relied upon. An uprising is scheduled to occur in September. If it starts it will be necessary for the United States to throw an army across the border in order to protect American citizens. The anti-foreign sentiment has grown to such an extent I don't believe the Mexican government can cope with it successfully."

Other members of the party include men with families bound for Kentucky, Tennessee and states further east. In all there are seven men, seven women and thirty-eight children.

"STICKER" STUCK.

Emma Goldman's Magazine Advertised in Chicago Business District.

Chicago, July 21.—The whole downtown district was placarded with red "stickers" advertising Emma Goldman's magazine Saturday. The placard asks: "What Do You Know About Anarchism? Read Emma Goldman's Magazine."

These placards were pasted on windows all over the downtown district. Marshall Field & Co.'s retail store, Masonic temple, Fillmans, the Boston Store, Carson, Pierce, Scott & Co., and other stores along State street were marked with the posters.

STAND BY PACKERS.

Committee Will See Wilson About the New Inspection Order.

Chicago, July 21.—Members of the National Livestock Exchange decided to stand by the packers and make every effort to prove that their meat is all the manufacturers claim. It was decided also to request Secretary Wilson to meet a committee for the purpose of discussing the new inspection order.

Wilhelm Lacombe, a South African army contractor, declared that Chicago beef handled during the Boer war was satisfactory with the exception of one shipment which had been allowed to remain on a dock for four months exposed to a temperature of 110 degrees.
